About the league

Action Pistol is open to all individuals who are interested in pistol action courses of fire, which combine speed and accuracy, while shooting at cardboard targets.

Scoring

Scoring is based on your overall length of time during course of fire plus any penalties. Penalties are figured and scored by the location of the bullet holes. If bullet lands in the "A" Zone then there is no additional time added to your overall length of time. If bullet lands in the "B" Zone then five (5) additional seconds will be added to your overall length of time. If bullet lands in the "C" Zone then 10 seconds will be added, the "D" Zone is 15 seconds added. If the bullet misses the target, then 30 seconds will be added to the overall score. Participants can be disqualified from the course for safety violations and their scores will reflect as a "DQ".
